## Update on 12/1/2024 Spreadsheet to see if our SSA can increase by more than inflation.

## Do we have More-Than-Enough for our current SSA? If so, I will calculate to a real increase in our SSA.

I enter the numbers for the year in the yellow cells and the spreadsheet calculates the rest.

| Basis: \$1 M starting Investment Portfolio |  |  |  |  |  |  | $2021$ | 2022 | 2023 | 2024 |

Note: On No 30, 2023, I used my Reserve for SSA for our 2024 spending: I sold only the bonds in my Reserve for 2024 spending. I therefore do not show a withdrawal from my Investment Portfolio. It starts the Dec 1 for the next

Our total SSA using our Multiplier
